

Mini USB Mouse

Part No. 03MOM

Opti3's USB Mini Optical Wheel Mouse is designed to bring the ease and familiarity of desktop computing to your mobile world. This ultra portable mouse uses a retractable USB cable making it easy to pack up and stay clutter free. The 800dpi optical technology and illuminated scroll button means greater accuracy, smooth web surfing and no cleaning so you can use your mouse without any worries.

The Mini USB Mouse can be customized with any corporate logo. Don't waste marketing dollars on print advertisement that reaches a limited audience. Give your customers what they need and will use everyday... the Opti3 Mini USB Mouse! Contact us for more details.

Features:

- Smooth and precise feel from the 800 DPI optical eye
- Reliable and Durable - no mouse ball or moving parts to stick, break down, or clean
- High speed optical technology allows the mouse to work on almost any flat surface
- Super smooth illuminated scroll wheel makes surfing the web quick and easy
- USB cable extends from 3 inches to 3 feet - goodbye clutter!
- Compact design just 1/2 the size of normal mice
- Plug & Play, just plug it in and go!
- Customization/OEM orders welcome
